

“Precision in Every Pixel”

Innovative LED Display Solutions for Every Space

Step into the future of visual communication with our integrated LED screen and digital solutions. Designed to captivate and engage, our offerings transform spaces into dynamic environments that leave lasting impressions

About Us

At ELV Solutions LLC, we are a technology company established in the year 2011 and headquartered in Dubai. We provide quality and reliable solutions for digital transformation, everaging cutting-edge technologies to deliver results that transform businesses.

We take pride in being an ISO 9001:2015 and SIRA certified company, which underlines our commitment to quality and excellence. Our team of experts works tirelessly to deliver solutions that meet the highest standards and comply with all relevant regulations and standards.

We are passionate about technology, and we believe in leveraging it to drive positive change in the world. Contact us today to learn more about how we can help your business thrive in the digital age.

Why Choose Our Solutions?

- **Vivid Visuals:** Experience unparalleled brightness and clarity with our high-resolution LED displays, ensuring your content stands out in any setting.
- **Seamless Integration:** Our digital solutions are tailored to blend effortlessly with your existing infrastructure, providing a cohesive and modern look.
- **Interactive Engagement:** Elevate user interaction through touch-enabled screens and responsive content, fostering deeper connections with your audience.
- **Versatile Applications:** From retail and hospitality to corporate and public spaces, our solutions are adaptable to various industries and environments.
- **Reliable Performance:** Built with durability in mind, our products offer consistent performance, ensuring your message is always delivered effectively.

MEETING ROOM SOLUTIONS

Seamless Collaboration. Smarter Meetings.

Our Smart Meeting Room Solution is designed to transform traditional meeting spaces into highly efficient, connected, and intelligent environments. Equipped with advanced audio-visual integration, wireless presentation systems, and intuitive room scheduling, his solution ensures smooth communication and enhanced collaboration — whether in-person or remote.

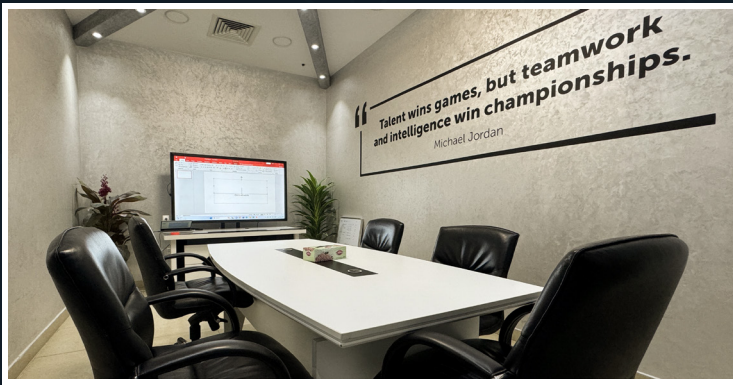

ELEVATOR DISPLAY SOLUTIONS

Smart Communication in Motion

Transform every elevator ride into a dynamic experience. Our advanced elevator display solutions offer powerful tools for communication, branding, and engagement—perfectly suited for modern buildings. These high-resolution digital screens deliver real-time content, including announcements, advertisements, weather updates, and emergency alerts.

Our product range includes Elevator-Integrated Multimedia Screens, Digital Signage Displays (touch and non-touch), Magic Mirror Displays, Large-Format Micro LED Screens, LOP Position Indicators, and Touch LOP/COP Panels. Selected models support Full Flush Mount, Semi-Surface Mount, or Full Surface Mount installation to suit diverse design and architectural needs.

INTERACTIVE WHITEBOARDS

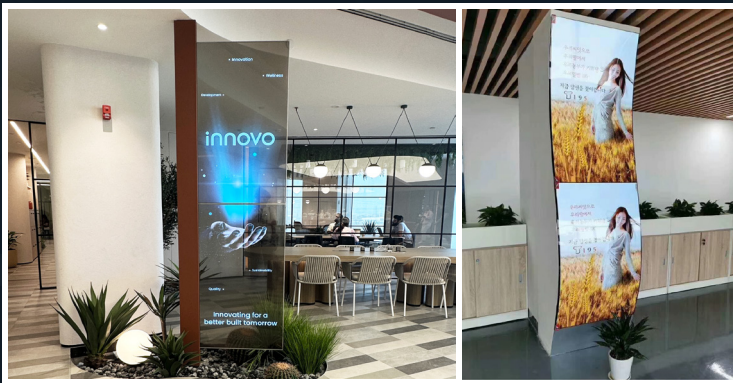

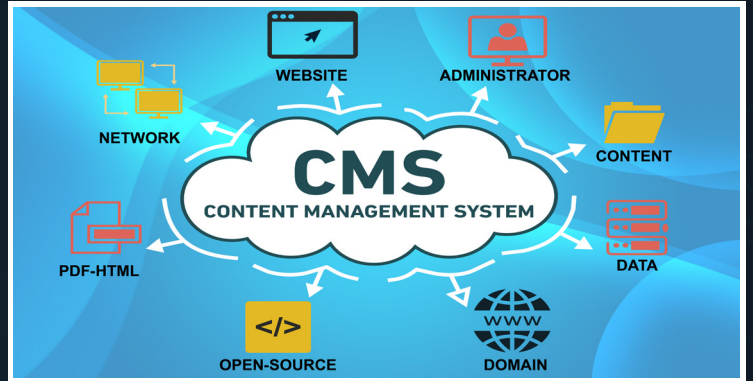

Engage, Collaborate, Innovate

Our Interactive Whiteboard transforms any space into a dynamic collaboration hub. Designed for modern workspaces, classrooms, and boardrooms, it allows teams to brainstorm, present, and annotate in real time — boosting productivity and engagement through touch-enabled technology and seamless connectivity.

CONTENT MANAGEMENT SYSTEM (CMS)

Empower Your Digital Presence

Our Content Management System offers a user-friendly, secure, and scalable platform that enables you to create, manage, and publish digital content effortlessly. Whether you're running a website, blog, intranet, or e-commerce platform, our CMS gives you complete control — with no technical expertise required.

TRANSPARENT & FLEXIBLE OLED DISPLAYS

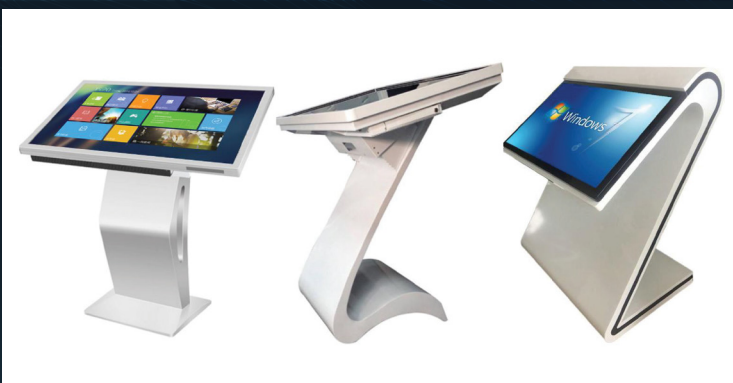

Revolutionize Display. Redefine Possibility.

Transparent and Flexible OLED technology opens new dimensions in digital display. Perfect for futuristic environments, these ultra-thin, bendable screens offer brilliant image quality while blending seamlessly into any space — from smart retail and corporate lobbies to interactive signage and architectural design.

VIDEO WALL

High-Impact Visuals for Modern Spaces

Our LCD Video Wall solution delivers stunning visual performance, making it ideal for control rooms, corporate environments, retail spaces, and public venues. With ultra-narrow bezels, high brightness, and scalable configurations, it provides a seamless, immersive display experience that captures attention and drives engagement.

INTERACTIVE TOUCH DISPLAYS

Touch-Driven Engagement for Every Environment

Our Interactive Touch Displays bring content to life through responsive, multi-touch technology designed for collaboration, presentation, and customer interaction. Ideal for boardrooms, classrooms, retail spaces, and public kiosks, these displays combine sleek design with powerful performance to create intuitive, engaging experiences.

DOUBLE SIDE LCD HANGING SIGNAGE

Maximize Visibility. Double the Impact.

Our Double-Sided LCD Hanging Signage is designed to captivate audiences from both directions, making it ideal for retail stores, transportation hubs, showrooms, and public spaces. With slim form factor and vibrant dual-screen displays, it delivers twice the content without doubling the footprint — enhancing engagement and communication in high-traffic areas.

INDOOR STANDING KIOSK

Smart Interaction. Sleek Presence.

Our Indoor Standing Kiosk offers a modern and intuitive platform for self-service, information access, and digital engagement. Designed for high-traffic indoor environments like malls, hotels, hospitals, and corporate buildings, this all-in-one solution enhances customer experience while streamlining operations.

OUTDOOR KIOSK

Rugged Performance. Always Connected.

Our Outdoor Kiosk is built to deliver high-impact digital experiences in any environment. Designed to withstand harsh weather and heavy public use, it's ideal for smart city initiatives, transportation hubs, campuses, retail parks, and outdoor venues — enabling 24/7 access to information, services, and engagement.

COB LED DISPLAYS

Experience next-generation display clarity with COB (Chip-on-Board) LED technology, designed for high-performance indoor environments. With ultra-fine pixel pitch and seamless surface finish, COB displays deliver exceptional image quality, even at close viewing distances.

- Vivid color accuracy and deep contrast
- Reduced glare and seamless surface
- Robust durability against dust and impact

TRANSPARENT LED SCREENS

Clear Vision. Bold Display.

Our Transparent LED Screens offer a futuristic display solution that delivers eye-catching visuals while maintaining visibility through the screen. Perfect for glass facades, retail windows, showrooms, and exhibitions, these displays combine high transparency with vivid digital content to engage audiences without blocking natural light or views.

INDOOR LED SCREENS

Brilliant Visuals. Boundless Possibilities.

Our Indoor LED Screen solutions are designed to deliver stunning visuals in any indoor setting — from corporate lobbies and conference halls to retail stores and entertainment venues. With high pixel density, seamless modular design, and vibrant color accuracy, these displays turn any wall into a dynamic communication platform.

OUTDOOR LED SCREENS

Unmissable Impact. Built for the Outdoors.

Our Outdoor LED Screens deliver vibrant, large-scale visuals in any weather condition — ideal for advertising, public information, event broadcasting, and architectural media facades. Engineered for brightness, durability, and visibility, these screens ensure your message stands out, day or night.

FLOOR LED SCREENS

Step Into the Experience

Our Floor LED Screens transform ordinary floors into dynamic, interactive surfaces — perfect for retail, exhibitions, events, museums, and entertainment venues. Built to withstand heavy foot traffic while delivering high-resolution visuals, these screens create immersive environments that captivate and engage.

CUSTOM LED SCREENS

Enhance your office space with our Custom LED Screen solutions, designed to fit any interior environment while delivering vivid visuals and dynamic messaging. Whether for corporate lobbies, boardrooms, reception areas, or collaborative zones, our custom LED displays offer tailored sizes, flexible designs, and high-resolution clarity to meet your specific branding and communication needs.

RENTAL LED SCREENS

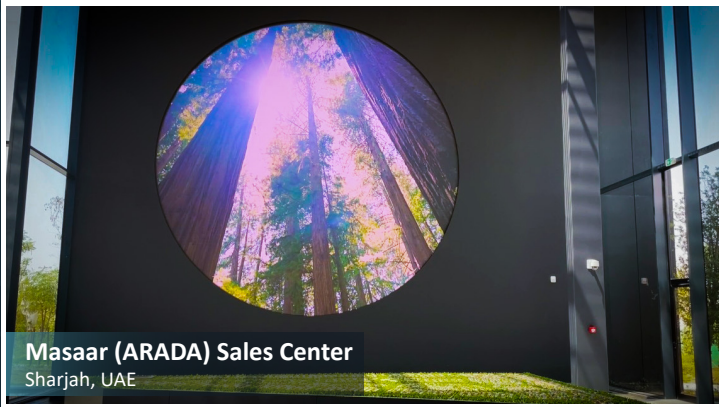

Flexible Display. Exceptional Impact. Anywhere.

Our Rental LED Screens are designed for temporary installations where visual excellence, fast setup, and mobility are essential. Perfect for events, exhibitions, concerts, conferences, and brand activations, these high-performance displays deliver vibrant visuals with quick assembly and robust reliability.
